Notes

Doses marked "Foreign record" were entered on 10/07/2014 from the patient's Russian immunization certificate (form 156/u-93), read to the nurse by the parent. Dates on the original are written day.month.year.

Tuberculosis: BCG given in the first week of life. Mantoux test 04/14/2014, 5 mm, consistent with BCG.

This record meets New Jersey requirements for school attendance through grade 12, including Tdap and meningococcal vaccine for grade 6.

Marina Vaysman, MD
