## Laboratory Report

| | |
|---|---|
| Patient | ZARETSKAYA, YULIA A |
| Date of birth | 02/11/1986 |
| Sex | F |
| Ordering physician | Helen Okafor, MD - Ridgeline Endocrine Associates |
| Collected | 05/14/2026 7:52 AM, fasting |
| Reported | 05/15/2026 |
| Accession | FCL-26-0418837 |

### Results

| Test | Result | Flag | Reference range |
|---|---|---|---|
| TSH | 2.14 mIU/L | | 0.45 - 4.50 |
| Free T4 | 1.21 ng/dL | | 0.82 - 1.77 |
| Thyroid peroxidase antibodies | 186 IU/mL | H | 0 - 34 |
| Vitamin D, 25-hydroxy | 24 ng/mL | L | 30 - 100 |
| Ferritin | 41 ng/mL | | 15 - 150 |
| Hemoglobin | 13.1 g/dL | | 11.1 - 15.9 |

### Comments

TSH is within the reference range on the current dose of levothyroxine. Thyroid peroxidase antibodies remain elevated, as expected in autoimmune thyroiditis.

Vitamin D is below the reference range. Supplementation may be considered at the discretion of the ordering physician.

Results were released to the ordering physician and to the patient portal on 05/15/2026.
